

Winnats Pass Closure

Winnats Pass will be closed for the full duration for the projection of Daan Roosegaarde's Waterlicht across the valley as part of Abandon Normal Devices (AND) Festival. The road has been permitted to close during the below times:

Wednesday 20 Sep 19:00 - 02:00 for installation and testing of Waterlicht.

Thursday 21 - Saturday 23 19:00 - 00:00 for the display of Waterlicht to the public.

We have consulted with the police who have recommended that we use the following diversion for traffic: Beginning at the junction of A6 and Sheffield Road, traffic will be diverted via Sparrow Pit A623 and Bradwell into Castleton.

Please see map: <http://bit.ly/2vH4nWd>

It is advised not to divert via the Edale route as the roads are quite small although this can still be used by local residents who are aware of this particular route or who are travelling from that area. Please turn up early to Waterlicht avoid any delays to your journey. For more information on the event and how to get there please see our website www.andfestival.org.uk/events/waterlicht.
