

Thank you yet again for all your support as visitors or bakers or both at the Tea Party on Friday 14 July. The weather was miserable but the mood very sunny! The number of locals and visitors who came along kept us busy throughout the afternoon. The total raised was £861; a tremendous result which will make a significant contribution to the annual running costs of the Buxton and High Peak branch of Samaritans. The support we had from the village and surrounding area was really impressive and fundamental to the success of the event.
